Respite (short-term) and Long-Term Nursing Home Care

St. Joseph Manor nursing home is across the street from the Mater Dei Adult Day Health Program. When caretakers need to rejuvenate or travel, we can care for your loved one overnight or for an extended stay. If our day health program no longer meets the needs of your loved one, our 118-bed, non-profit nursing home located on several wooded acres provides round-the-clock attention. Rehabilitation and post-hospital care services are also available.
